MYLLA - SCULPTURAL VASES

Design: Michael Grant

Mylla vases are a result of the designer Michael Grants passion for the material, aswell as his sense for details. It's a complicated process to produce this line with the flowery shape in the bottom, stretching out to end in a perfectly balanced radius. These are not merely vases, they are truly pieces of art and we are immensely proud to have them in our collection. We have three sizes, high, low and oval and three colors.
